# Senior Citizen Assistance App

This Flutter app supports seniors with reminders, health management, and emergency help.

Y **by YASH RAHATE**

Medication Reminders

Daily Alerts

Timely notifications help seniors never miss their medication.

Custom Schedules

Flexible reminders for multiple medicines and doses.

Easy Confirmation

Simple interface to mark medicines as taken or skipped.

Health Record Management

Secure Storage

Keep medical documents safely in one place.

Easy Sharing

Share reports instantly with family or doctors.

Track History

Monitor health changes over time for better care.

Caregiver Connection

Real-time Updates

Caregivers get live status and alerts remotely.

Multiple Users

Family, friends, or professionals can connect securely.

Emergency Assistance

1 **One-Tap SOS**

Quickly alert emergency contacts with a single press.
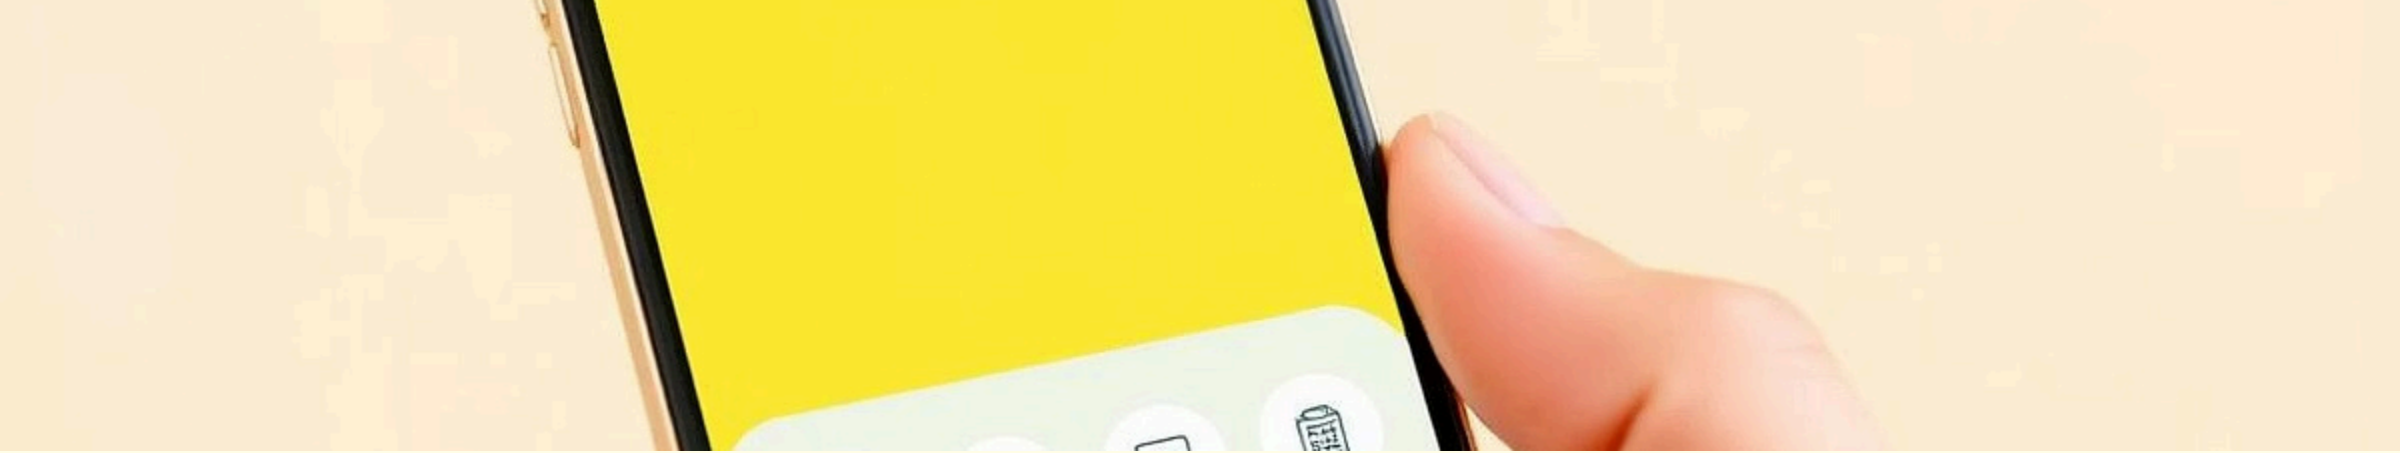

2 **Location Sharing**

Automatic GPS coordinates sent during emergencies.

3 **Immediate Response**

Faster help ensures safety and peace of mind.

Made with GAMMA

Accessibility Design

A **Larger Fonts**

Improves readability for aging eyes.
